Chandru

FrontEnd Developer

✉ chandrutas019@gmail.com 📞 6381506536 📍 Salem 🔗 https://portfoliochandru.vercel.app/

PROFILE

Detail-oriented and highly motivated Front-End Developer with 1.5 years of experience creating responsive, user friendly web applications using HTML,CSS, JavaScript, and modern frameworks like React. Passionate about delivering intuitive interfaces and enhancing user experiences. Proficient in collaborating with teams to develop and maintain scalable web solutions.

PROFESSIONAL EXPERIENCE

Front-End Developer   2023 – present
Foisys
- Developed and maintained responsive web pages using HTML, CSS, and JavaScript for projects.
- Built dynamic, interactive and reusable web components using React.js.
- Implemented media queries and flexible grid layouts to achieve seamless adaptability across varying screen sizes.
- Regularly tested and validated responsiveness on multiple devices, including smartphones, tablets, and desktops, to meet project requirements.
- Enhanced performance by optimizing code and implementing lazy loading techniques.
- Documented codebase and workflows for team knowledge sharing, enabling smoother onboarding for new developers.

SKILLS

HTML | CSS | JavaScript | React.js | Bootstrap | GitHub | Responsive Design | Cross-Browser Compatibility | API Integration | Agile Development | VS Code | Chrome DevTools | Web Development | Team collaboration

PROJECTS

Naturopathy Website
Developed a responsive website for DM-Nature Cure using HTML, CSS, JavaScript, and React, showcasing natural wellness services and products. Designed a user-friendly layout with service descriptions, product highlights, and seamless navigation, optimized for all screen sizes

PERSONAL PROJECTS

E-commerce Website
Developed a static, responsive e-commerce website clone of Flipkart using HTML, CSS and Bootstrap featuring product listings, categories, and a user friendly layout optimized for all screen sizes.

Food delivery Application
Developed a responsive food delivery app clone of Swiggy with React.js, featuring dynamic restaurant listings, search filters, and a shopping cart, optimized for performance across devices.

Personal Portfolio Website
A personal portfolio website built using React, showcasing projects, skills, and experience. Designed a responsive and interactive UI with CSS for styling. Integrated a 'Get in Touch' section for seamless communication. Ensured optimal performance and accessibility, demonstrating expertise in frontend development.
